About the Company

- ▶ HPL DECOR PVT LTD, is inside the commercial enterprise of high-pressure decorative laminates.
- ▶ Our main products include the laminates for interior and exterior use. Starting from 0.5 mm to 20 mm, in various design and sizes.
- ▶ Within a short interval of time our company has made itself to full fill the quality and requirements of architects, interior designers as well as globally in 12 countries.
- ▶ We are professional manufacturer of HPL Sheet, Sunmica- Mica, Formica Sheet, HPL External & internal Wall Cladding panels, High Pressure Laminate Sheet, Compact Laminate Sheet, Toilet Cubical Sheet Etc.

HPL SHEET PROPERTIES AND SALIENT FEATURES

- ▶ No distortion even in extreme climatic changes such as from -20° C to +80° C or from a dry climate to a relative humidity in excess of 85-90%.
- ▶ Highly UV resistant with almost no shade fading even after 10 years of installation.
- ▶ Resistant to extreme weather conditions, Eg, heavy rains, acid rain, hail & heat.
- ▶ Suitable for installation as ventilated facade system.
- ▶ Colour stable- optimal light fastness.
- ▶ Wide range of wood grain décor species & solid colours.
- ▶ Double hardened resins providing resistance against erosion from natural elements.
- ▶ Impact resistant-wind and other elements .
- ▶ Fire retardant -FR rating Class 1.
- ▶ Easy & rapid installation, Low cost maintenance.
- ▶ Heat insulation and wall protection-protects buildings from excess temperature in summer to excess cold in winter & aiding removal of heat and moisture from rain or condensation
- ▶ Suitable for all exterior vertical applications
- ▶ Available both in exterior and interior grade
